Contest & Exhibition

Survival

The valuable life and energy of the human race and the nature!
The endless mystique of how we survive!
"THE SURVIVAL" refers to every phenomenon and process that we go through from the birth to the death, and it is the most fundamental tasks that all living things must face.
2016 Bio-Art Contest is looking for quality art works with the theme of "SURVIVAL". It can be either fine art, drawing, photography, microphotography, video clip, graphic, illustration, or any other visual works.

Submission

May 20 – August 17, 2016

How to submit

Submit online by uploading the file on website
Fine art and other actual artwork can be submitted via mail or by visit after submitting the application
